HAWK

CODE: 3373UG | **SIZE:** 7 (S) / 10 (XXL)

DESCRIPTION: A new green model perfect for all winter sports. The new Hawk has been developed by our R&D Team to create a modern glove with a green footprint. Warmth and comfort are a must, as we do with all our products, but the Membra-Therm Green technology is a new feature. Thanks to this system, it is possible to use a recycled membrane to separate the inner lining from the exterior layers, so your hands are always dry. The palm is made of recycled materials with leather inserts. The design is classic and timeless, with a Level Logo webbing all around the back of the hand. Simplicity and class are now matched in a green glove.

WARMTH INDEX: 2000 - Standard

FIT: Natural **CUFF TYPE:** Under jacket

MATERIAL: Water resistant fabric, Water resistant goat leather palm **INSULATION:** Recycled Level Loft, Recycled Hydrofill **DRY TECHNOLOGY:** Membra-Therm Green **SUSTAINABLE VALUE:** 75% Recycled 11% Organic **FEATURES:** Short cuff, Adjustable strap, Storm leash

RECYCLED FABRIC

Full recycled fabric from waste material that has reprocessed into new fibers and then spun into new yarns and fabrics.

MEMBRA-THERM GREEN

An 100% recycled breathable membrane insert that creates a waterproof barrier between exterior layer of the glove and the insulating materials. It optimizes warmth and comfort by keeping the hands dry.

PULLER

A wider puller inserted in underside of cuff helps to properly wear the glove/mitten

WATERPROOF FABRIC TREATMENT

The fabric is laminated with a process that permits to add a breathable waterproof membrane to the outer material, optimizing warmth and comfort while keeping the hands dry.

ADJUSTABLE STRAP

This closing system makes it easy to fit under jackets therefore offering a better closure.

SHORT GAUNTLET STYLE

The short under-cuff can easily be tucked into your ski jacket for more agility and less bulk getting in your way of wrist movement.
